

Questions & Answers

How can I get my establishment in this guide?

Any establishment who wants to be included in this guide must meet the following qualifications: They must be 100% smoke-free, be open to the public, have an indoor dining area, prepare and serve food on the premises and they must qualify under COMAR 09.12.23.

What is COMAR 09.12.23? It is the regulation on the "Prohibition on smoking in an enclosed workplace". Maryland State Law requires that all business be smoke-free unless they are in the hospitality industry and meet specific requirements. Any establishment that is required to be smoke-free by law is not included in this guide. Any establishment that has a choice and has chosen to be smoke free can be added.

My establishment meets those requirements, how do I add it to the list? If your establishment meets those requirements and you would like to be added to the guide, please call 410-638-8405.

How often is the establishment guide produced? The Harford County Smoke-Free Establishment Guide is produced every year in the spring.

How do I get a copy? Copies can be obtained at participating establishments, or by calling 410-638-8405 or online at www.tobaccoandcancerfree.org

Is there anyway to thank these establishment for being smoke-free? Stickers that can be put on your bill and say "Thank you for being smoke-free" are available by calling 410-638-8405.

When does the statewide Smoking Ban go into effect?

The statewide smoking ban requires all restaurants to be 100% smoke-free by February 2008.

The Harford County Cancer & Tobacco Community Coalition, formed in 1999, serves as the planning and advisory board for programs developed utilizing grants from the Cigarette Restitution Fund (CRF). The Tobacco Section of the HCCTCC ensures that Harford County voices are heard, and every community's needs are met, in terms of tobacco education, cessation, and enforcement. More than sixty five community members including individuals, faith-based groups, the public and independent school systems, for-profit and not-for-profit agencies, and the Health Department, come together, to work in concert to strive for a healthier Harford County.

The Coalition has rallied the community around events such as health fairs, PSA video contests, billboard contests, and fun nights, all with the express purpose of raising the consciousness level of Harford County Residents, in regard to the harmful effects of tobacco products and secondhand smoke.
